

Page 35, lines 1 and 2, delete "in accordance with the FRP roofing material of the present invention" and replace with in accordance with the FRP roofing material joint construction of
the present invention.

IN THE CLAIMS

Claim 9, line 2, delete "carbon fibre".

18. (Amended) FRP roofing material according to Claim 17 [Claim 18] which extends in the lengthwise direction at substantially a uniform width[, and the flexural rigidity per unit width (1 mm) in the lengthwise direction is at least 5×10^7 kg.mm²].

Claim 29, line 1, delete "Claim 17" and replace with --Claim 1--.

34. (Amended) [FRP roofing material according to Claim 1] A joint structure for a sandwich structure comprising an [which is] FRP roofing material where two or more FRP sandwich structures are butt joined [and, as well as providing] so as to form an FRP connecting layer extending across the surfaces of both ends of said sandwich structures, [there is provided] wherein a layer containing a resin distribution medium exists between the abutting end faces.

REMARKS

The Examiner is respectfully requested to enter the above amendments prior to examination of the application. These amendments correct typographical errors and serve to put the application in better condition for allowance.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Assistant Commissioner to
